of Teachers of Mathematics

Get insPIred!

21st Century Teaching for 21st Century Learners

Do you wish to explore FREE technology resources to engage learners in meaning making, collaboration, and purposeful discussions?

Do you want to support your students in developing a deeper, conceptual understanding of mathematical concepts?

Do you want to experience technology that students will use on the Maryland Comprehensive Assessment Program (MCAP)?

Join us for the
MCTM Central Regional Conference
Saturday, March 14, 2020
8:30AM - 12:30PM
Wilde Lake Middle School
10481 Cross Fox Lane
Columbia, MD 21044

Members \$20/Non-members \$40

Register at the MCTM Store: www.marylandmathematics.org

Featured Sessions by Desmos Certified Presenter **Bob Lochel**

- *Desmos Graphing Calculator*
- *Desmos Activities*
- *Building Desmos Activities*

What better way to spend Pi Day than to gather with colleagues in the Maryland mathematics community to explore new ways to engage 21st century mathematics learners!
